*The lush forests and pristine lakes of the Great North Woods welcomes outdoor enthusiasts and nature lovers alike to enjoy the peace and tranquility of the region.*

New Hampshire's northernmost tip, the Great North Woods stretches up to the Canadian border, with breathtaking views and unexplored land, the region is an adventurer's paradise. Home to over 1,000 miles of interconnected ATV trails, visitors come from all over to "Ride the Wilds". Travel along Moose Alley (Route 3 in Pittsburg) for the best chance to encounter a moose. Fish the Connecticut River for great trout and salmon or visit Lake Umbagog to see where bald eagles nest.

In the Great North Woods there are endless outdoor activities to do to fill your time during your stay. A visit to Colebrook offers plenty of beautiful areas to explore including Beaver Brook Falls Natural Area where you can take a short hike to the majestic waterfalls. Next visit the 13 Mile Woods in Errol and hike along the Androscoggin River or hop in a kayak and take in the stunning views. A stop in the Great North Woods region isn't complete without taking a photo at the 45th Parallel Signs. The signs mark the halfway point between the North Pole and the Equator, and reside in the towns of Stewartstown and Clarksville. With miles and miles of nature to explore, visitors will have plenty to do in the Great North Woods.

## LEARN TO LIVE WITH BEARS...

Although black bears are generally shy and usually avoid humans, they are opportunistic and will search for human food supplies when natural foods are not available.

The majority of bear/human conflicts can be avoided. Here are some tips on preventing bear problems.

- Always keep a clean camp
- Don't leave any food, including condiments, out when not in use
- Hang food at least 10 feet high (and at least 4 feet from top and side supports), or store it in bear-resistant units, hard-shelled vehicles or car trunks
- Never eat in your tent
- Keep your sleeping area, tent and sleeping bag free of food and odors
- Never bury or burn food waste
- In backcountry areas, your sleeping area should be 100 yards from food storage & cooking areas
- If a bear comes into your camp, yell, bang pots and pans and try to scare it away
- Bears chase off easier before they obtain food

Enjoy watching black bears and other wildlife from a distance. Respect them and their right to live in wild New Hampshire.

For more information about black bears, contact the NH Fish & Game Dept. at (603) 271-3211 or visit: <https://www.wildlife.nh.gov>
