The Seacoast Region of New Hampshire encompasses the state's entire 18-mile coastline and surrounding communities, offering a diverse blend of history, culture, and natural beauty. Historically significant as one of the earliest settled areas in New England, the region's charm is evident in its well-preserved architecture, bustling downtowns, and historic sites.

The Seacoast area features a collection of natural attractions and recreational opportunities to explore. Odiorne Point State Park in Rye offers trails, rocky shorelines, and the Seacoast Science Center, provides a habitat for diverse marine life and splendid ocean views. The area also includes several beaches catering to different interests, from the lively boardwalk atmosphere of Hampton Beach to the quieter, more relaxed Jenness State Beach. Beyond the New Hampshire shoreline, inland areas like the Great Bay National Estuarine Research Reserve offer peaceful natural retreats with opportunities for birdwatching, hiking, and kayaking, ensuring the region appeals to both those seeking lively energy and those looking for quiet natural escapes.

From family-friendly activities like the Children's Museum of New Hampshire in Dover to exploring the historic Strawberry Bank Museum, the Seacoast Region is a year-round destination. Whether discovering maritime history, enjoying fresh seafood on the waterfront, relaxing on the beach, or hiking through preserved natural areas, the Seacoast region offers a memorable New England experience.
